From the Principal

Last week, along with approximately 300 colleagues, I attended the Secondary Principals' Council Annual Conference in Bathurst. The theme, "Blue sky thinking, red dirt reality" was reflected in a program that addressed the realities of 21st century education in NSW.

One of the presenters, learning innovator Simon Breakspear, challenged us with a number of questions. The one that particularly resonated was this:

What is a secondary education worth having?

I believe a worthwhile education provides opportunities for students to develop perseverance and resilience. Simon posed this question on behalf of students: *How will I learn to work in a global community if I only learn with people like me?* It is a question that deserves careful consideration. We must empower students to work collaboratively, helping each other to develop their skills. Students must be supported to take managed risks with their learning. We must allow students to fail, in this safe environment, and teach them how to deal with that failure and to try again.

A worthwhile education is also one that endures. The HSC is part of a rich education, not the end point. Our challenge is to engage students in learning for the sake of it. The young people in our school today will need to be lifelong learners to maintain currency in their lives and careers, more so than any other generation. The existence in 2014 of the driverless car powerfully indicates to me how unknowable life will be in 2034, for example.

The question is one very much in our minds as we determine our school's strategic directions for 2015 – 2017. We will be consulting with students, staff and families as Killara High School works to develop a vision for our school that is focused on the education worth having. Please look out for an invitation to provide feedback through the Newsletter and email in Term 3.

I would also like to remind all students and parents of a couple of specific uniform requirements. Only black, leather, lace-up school shoes (not boots) are permitted. This is a work health and safety requirement, as well as a uniform standard. A number of students are choosing to wear non-uniform jumpers or jackets. Please ensure that you take the opportunity to purchase the correct items now that the weather has cooled. Cold weather isn't a surprise at this time of year, and is not acceptable as a reason to wear a 'hoodie' or similar item. Students in incorrect uniform should expect to have the item confiscated, and swapped for a school jumper from lost property. I request the support of parents in this regard.

This is the last edition of the Newsletter in this very short Term 2. I wish all students and families a safe and happy vacation, and look forward to welcoming you back for Term 3.

Jane Dennett
Principal

**GOOD LUCK to all

18	- HSC Drama Exam practical week
	- Visual Arts Exhibition 9am – 5pm
	- Open Day 12noon – 5pm

The Killara Gift by the KHS Sports Council

The Killara Gift was another big success for the Sports Council in 2014 with over 60 students getting involved in the event.

The boys' and girls' heats were held in Week 5 of Term 2 with the finals of both events being held in conjunction with a teachers' race on Tuesday of Week 7.

Sunny skies saw the day of the finals which meant big crowds and a nice dry track which was good for all the athletes. After a warm up lead by members of the Sports Council, it was over to the teachers to see what they could do. It was great to see 13 teachers from all different faculties put their hand up for the event. It was casual teacher, Mr Dolan, who stole the show ahead of Mr Olive and Mr Le Rougetel.

It was then over to the boys. We had our sprint superstar, Ben Mackay, starting from scratch and then a range of quality athletes in front of him. In a tight finish it was **Matin Abroon (Year 7)** who claimed the winner's medal and a \$30 gift voucher at Triforce Sports at Gordon.

Name	Age	Handicap for Finals	Position in Finals
Chong, Travis	16	-22	2nd
Suetsugu, Yugo	14	-20	4th
Wright, Phillip	13	-19	5th
Zhang, Kelvin	13	-30	7th
Abroon, Matin	13	-23	1st
Marsh, Joshua	16	-9	3rd
Mackay, Benjamin	16	0	6th

It was then the girls' turn to do their thing. The race was so close that we had to refer to the video footage to decide the placing before it was decided that **Emma Partis (Year 7)**, had done enough to claim the winner's medal with back marker **Beth Rodgers** and **Samantha Bowden (Year 10)** to round out the minor placings.

Name	Age	Handicap for Finals	Position in Finals
Fenton, Nicole	16	-26	4th
Hu, Alice	14	-18	5th
Partis, Emma	14	-20	1st
Smith, Naomi	16	-13	8th
Xu, Melissa	16	-22	6th
Bowden, Samantha	16	-8	3rd
Rodgers, Bethany	15	-5	2nd
Gibson, Ella	18	-8	7th

The Boys' Final with Matin Abroon claiming victory

The teachers' race

Well done to all students who chose to be involved and a big thank you goes out to Mr Brett Munro and his team at Triforce Sports, Gordon, who provided \$120 worth of vouchers to our top three in both the boys and girls finals.

Emma Partis, Bethany Rodgers and Samantha Bowden with Mr Brett Munro from Triforce Sports

Nick O'Donohue
Sports Council Captain

Year 9 Camp

Edwin Hong 'Leap of Faith'

On Wednesday 7th May, all Year 9 went on an action packed two day adventure at Morisset Centre. This amazing camp allowed us to participate in many exciting challenges. These activities include Mud World, the high ropes course, survivor challenge, giant swing, canoeing, rock climbing, pioneering, Leap of Faith and fun night activities.

Mud World! Yes, this is a world of mud; a world where you have to step beyond your comfort zone and into the treacherous

swamp of freezing cold, smelly mud. To most this sounds utterly disgusting and horrible, but in fact, it was a great and really fun experience where we went through many obstacles, some needing teamwork to get everyone through and to the next obstacle.

Survivor challenge and pioneering also broadened our use of teamwork and leadership to achieve a certain goal, whether it be building a catapult, or getting your whole team to a checkpoint over water using few materials.

Natalie Haddad, Emily Guenther and Charley Wells

For rock climbing everyone had to scale up 5 or 10 metre walls using hand-eye coordination and strength. Canoeing also involved the whole team being coordinated moving as one, to race to the finish line. The high ropes course, giant swing and Leap of Faith got everyone off the ground and into the air to face their fear of heights. Lastly, night activities! This included a fun techno disco and games night where we socialised with our fellow students.

The highlight of this amazing camp was definitely spending time with friends in and out of our cabins and also making new friends. In total it was a great and fun experience for the whole Year 9 group.

Theresa Choy and Lauren Bleach, Year 9

Zone Athletics Report

The Killara High School Athletics Team headed to Homebush on Wednesday Week 6 to see if we could break the run of Cherrybrook Technology High School, which has had a mortgage on winning the carnival for as many years as I can remember. And what a battle it was, with the entire carnival coming down to 1 point. Unfortunately, it was once again Cherrybrook (1156 points) who came out on top, with Killara High School finishing second (1155 points).

As usual, our students did the school proud in both the individual events as well as the relays.

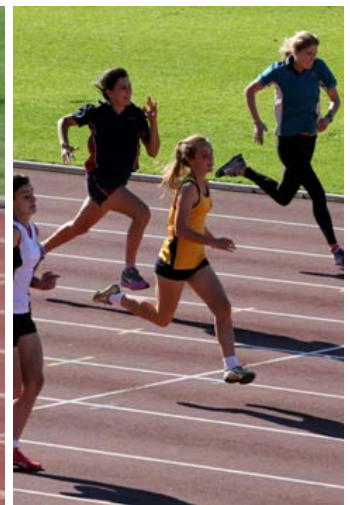

Daniel Soans

Jayden Burgess

*Daisy Cheesman and
Hannah Krust*

Samantha Bowden

In regard to the **Age Championships**, the following students placed in the top 3 for their age group:

- **12 Years Girls - Nicola Ferreira (2nd)**
- **12 Years Boys - Thomas Jobling (3rd)**
- **13 Years Girls - Tamara Kowcz Rosinke (3rd)**
- **15 Years Girls - Brianna Gibson (3rd)**
- **15 Years Boys - Jayden Burgess (1st)**
- **16 Years Girls - Samantha Bowden (2nd)**
- **16 Years Boys - Benjamin Mackay (1st)**
- **17 Years Girls - Ella Gibson (1st)**

In an amazing effort, at least 8 of our 12 relay teams have progressed to the Regional carnival. They are:

- Girls - 12 Years, 13 Years, 15 Years and 17+ Years; and
- Boys - 12 Years, 13 Years, 16 Years and 17+ Years.

The Sydney North Athletics Carnival will be held on the 21st - 22nd July at Sydney Olympic Park, Homebush. Killara will be sending a team of approximately 40 students. We wish them all the best.

A big thank you goes to all the parents who came along and supported our students on the day and provided assistance to myself and Mr Hudson, especially Mrs Bryant for washing the singlets and Mr O'Donohue for taking the photos.

Adam Bruckshaw
KHS Team Manager

Software Downloads

As part of the BYOD (Bring Your Own Device Policy) the DEC is providing access to software for students via their student portal. Mac and PC versions are available. Some of the software is free for students and some is provided at a reduced cost for students to purchase. Microsoft has made Office available and Adobe has placed the following software in the portal: Captivate 6, Creative Suite 6 Design (this includes Photoshop – extended), Premier Elements and Presenter 8.

When students go to their portal they should click on the “Learning” button and open it. Students can explore what is available and “Add to Cart” items they want to download. As part of the download process, students are required to register first using their DEC email account, and once a verification

email has been sent to them, they can access software to download.

Note: It is important for students to realise that they can only download ONE copy of the software they have selected. Once students have downloaded a program they should take a backup copy and store it in a safe place on CD and/or USB. Students should make sure that they printout and save the activation codes given at this time. Students need to think carefully before downloading and installing software on a machine.

Students who have questions can get help from the Technology Support Officer located in the quadrangle.

Golden Girls

Mariafe Artacho del Solar (right) and Nicole Laird from Australia celebrate their victory in the women's final of the Under 23 World Championships in Myslowice, Poland.

Picture: Adam Nurkiewicz Source: Getty Images

ADELAIDE-based pair **Nicole Laird (Year 12, 2010)** and **Mariafe Artacho del Solar (Year 12, 2011)** have combined to win gold for Australia at the World Under-23 Beach Volleyball Championships in Poland.

Nicole Laird and Mariafe Artacho del Solar went into the event as second seeds but dropped only one match on their way to the world title.

They beat Americans Lara Dykstra and Jace Pardon 21-19, 17-21, 15-7 in the Myslowice final.

“We knew it was going to be tough, USA always comes to play,” 20-year-old Artacho said.

“They are very competitive, we knew it was going to be a three-setter.”

Laird was full of praise for Peruvian-born Artacho, who previously won a bronze medal at the Junior World Championships in 2012.

“Mariafe has a little bit of magic in her back pocket,” she said. “She’s had that her whole volleyball career.”

The pair is part of Volleyball Australia’s Adelaide-based high-performance program and train at Kidman Park.

Killara High School Excursion Policy

Killara High School offers a range of excursions in a number of Learning Areas and for the purposes of curriculum enrichment each year. School excursions are structured learning experiences provided by, or under the auspices of, the school which are conducted external to the school site and are consistent with the DEC Excursions Policy located at: [https://portalsrvs.det.nsw.edu.au/f5-w-68747470733a2f2f646574777772e6465742e6e73772e6564752e6175\\$/policies/student_admin/excursions/excursion_pol/PD20040010_i.shtml](https://portalsrvs.det.nsw.edu.au/f5-w-68747470733a2f2f646574777772e6465742e6e73772e6564752e6175$/policies/student_admin/excursions/excursion_pol/PD20040010_i.shtml)

All excursions will operate at the discretion and under the supervision of the Principal. Each excursion is prepared via the construction of a **risk assessment**, **consent form** and **budget**. The main purpose of a consent form is to give enough detail to parents and caregivers to allow them to make an informed decision about whether their child should attend the excursion. It is also to assist the parent or caregiver to provide relevant information to the school about the child's care needs. Excursion dates and information will be available to parents and carers via the school website: www.killara-h.schools.nsw.edu.au

Killara High School is cognisant of the costs of schooling and as such, endeavours to minimise the costs of excursions and attempts to give parents and

carers as much notice about excursions as possible. The school also provides the option of payment via instalments and if financial difficulties are currently being experienced by families, the Head Teacher Student Services, Ms Jane Rountree is available to discuss options for financial assistance. To ensure that excursions are able to operate Killara High School administers payment deadlines of **no less than five (5) working days prior** to the date of an excursion to ensure payments to suppliers and vendors can be facilitated. There may be occasions where there are insufficient numbers of students who have paid causing the cancellation of an excursion. In this instance, and where there is sufficient notice, parents and carers will be refunded payments they have made. In situations where a payment has been made for attendance at an excursion and the student is unable to attend the excursion, it may not always be possible to process a refund of their payment due to commitments made with vendors and suppliers.

Ultimately, the timely payment for excursions improves the likelihood of each excursion opportunity proceeding. The cooperation of parents and carers is vital in this respect.

Please contact Ms Liesl Williamson, Relieving Deputy Principal, if you have any queries.

Killara Students Go Mentoring

Killara High School Concert Band 1 visited Lindfield East Public School last Wednesday. They worked with the primary school students on some of their

pieces and performed some crowd favorites including *Pixar*, *The Incredibles* and *How to Train Your Dragon*.

Jacki Berry
PAE Coordinator

Duke of Edinburgh's Award Scheme

The DEAS Bronze and Silver Qualifying expeditions are taking place in Term 3.
Please ensure your son or daughter has:

- completed a permission note and handed it to Ms Johnson
- made a payment to KHS accounts office
- completed an online Medical Form with Somerset Outdoor Learning Centre

The Killara High School Technology Review: A three year technology and learning strategy

Killara High School will be undertaking a review of technology in Semester 2 to better inform directions for the school concerning the deployment of current and new learning technologies. It will provide a framework for the strategic implementation of Information and Communications Technologies (ICT) and in so doing, provide a planning tool for the provision of technologies to underpin teaching and learning practice within the school community.

Why a review?

Given the increasing ubiquity of learning technologies and the decentralisation (under the Local Schools Local Decisions policy) of the provision and support of these technologies, it is crucial and timely that Killara High School undertakes such a review. As many of these technologies require long implementation lead times including professional development, a three year planning strategy is needed to ensure students and teachers have access to 21st century learning technologies to ensure best practice.

Technology scope

Current technologies include student laptops, IWBs, video conferencing, learning platforms including Moodle, systemic software including Adobe and Microsoft suites and third party tools/software including Dropbox, edmodo, Notebook etc. Possible

future technologies might include BYOD, mobile devices, learning apps, cloud solutions, collaborative tools (web conferencing MOOCS etc), game based learning, Learning analytics, ePortfolios, 3D and other third party software.

Review outcomes

From the review it is hoped the school community will be better positioned to:

1. Understand the technologies which will best support C21 teaching and learning at KHS; and
2. Provide implementation and support plans for existing and new technologies to underpin C21 learning.

What do parents and carers need to do now?

You will have read in the Newsletter information about Bring Your Own Device and School Technology. Parents and carers have been advised of minimum standards should they wish to purchase a device for their child to use, to support effective learning. At this stage we recommend that you NOT purchase a device until the completion of the Technology Review. Following the review, information will be provided to parents and carers about how student use of technology will be best supported.

Grounds Working Bee

Calling all Stage 4 parents but all are welcome!

We've decided to hold another Term 2 working bee, as there is much to do!

Imagine waking up on a beautiful Sunday morning and thinking

"It's Gardening Day at the School ... Do I really want to go? There are a million other things I could be doing with my precious time...."

BUT

make the effort, get out of bed and come along on

**Sunday 22nd June 2014
commencing at 8.15am**

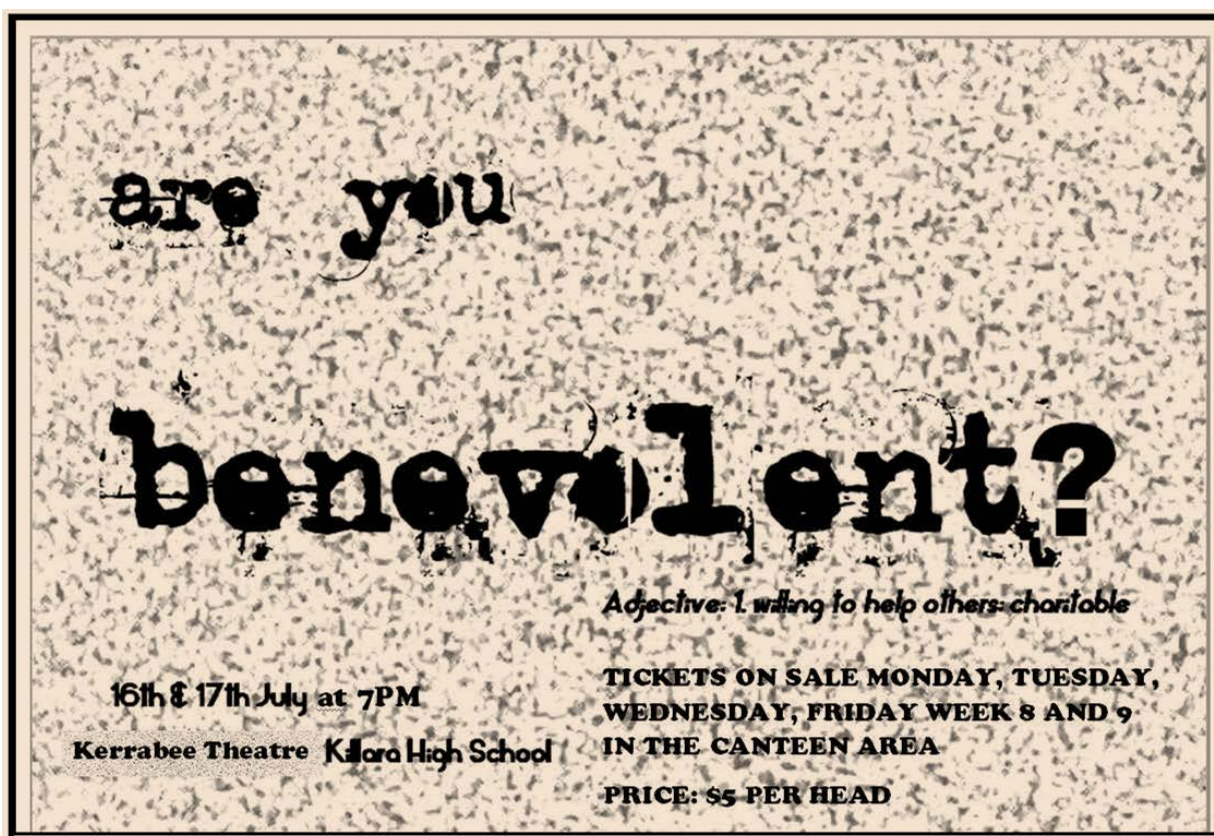

In a short time, your work can transform a garden bed and make a real difference to the "look and feel" of our school. You don't need any experience, just a bit of enthusiasm and an hour or two of your time. All

tools and training provided on the day. It is a fun and easy way to contribute to your school community and morning tea is provided.

Rumour has it that Mrs Jane Dennett, our wonderful School Principal, will be there with her trowel in one hand, while in the other, a pair of tongs turning sausages on the BBQ!

The Grounds Working Bee is generally held four times a year, once each term, to keep Killara High's gardens looking good. So put this **extra date in your diary NOW** and come along. Don't feel shy and we're sure that you will leave with a smile on your face ☺!

PS - Remember, it is your child's school, so they are more than welcome too.

Year 11 Drama have written, directed and produced their own production from scratch, and are inviting you to experience some mind-blowing theatre.

Titled 'Benevolent', the play explores the complex concepts of being truly selfless, and asks the question of whether or not it is EVER possible NOT to be greedy!

Date for Your Diary:

* Please note change of date and venue

From the Library

New fiction:

Clare, Cassandra. **City of heavenly fire** (The Mortal Instruments Book Six)

Coben, H. **Books 5, 6 and 7 in the Myron Bolitar Mysteries:** Fade Away; Back Spin; One False Move

Grant, Michael. **Bzrk Apocalypse**

McMann, Lisa. **Fade**

Steinbeck, John. **Of Mice and Men**

Terrell, Brandon & Tortosa, Wilson (illust). **Unearthed** (Tony Hawks 900 Revolution: Vol 10)

Westerfield, Scott. **Uglies**

Whitehead, Dan (adaptor) & Kumar, Naresh (illus.) **William Shakespeare's Julius Caesar: The Graphic Novel**

New fiction in detail:

Harrison, Melissa. **Clay**

Eight-year-old TC skips school to explore the city's overgrown, forgotten corners. Sophia, aged seventy-eight, watches with concern as he slips past her window, through the little park next to where she lives. She's writing to her granddaughter Daisy, whose privileged upbringing means she exists in a

different world from TC – though the two children live less than a mile apart.

Malouf, David. **Fly Away Peter**

For three very different people brought together by their love for birds, life on the Queensland coast in 1914 is the timeless and idyllic world of sandpipers, ibises and kingfishers. In another hemisphere civilisation rushed headlong into a brutal conflict. Life there is lived from moment to moment. Inevitably the two young men – sanctuary owner and employee – are drawn to the war and into the mud and horror of the trenches of Armentieres. Alone on the beach, their friend Imogen, the middle-aged wildlife photographer, must acknowledge for all three of them that the past cannot be held.

Marsden, John. **The Journey**

When Argus leaves home at fourteen every reader will travel with him. And what happens to Argus will resonate deep inside every one of us. Adventure, fear, passion, failure and success.

Sendak, Maurice. **My Brother's Book**

This is Maurice Sendak's last completed book. It's the kind of fairy tale a grieving child tells, a lament, a consolation and a farewell. It's Maurice's elegy for his brother, for his partner of fifty years, and for

himself, for the world of astonishing beauty he created in his books.

In these pages, Maurice seems to have gathered up that world, all of it, every concern, in a gorgeous, mad, heart-stopping condensation of every theme, every rhythm, every poetic and visual trop associated with the name Sendak, and then released it. Before our eyes, he makes his world dissolve into mist.

Non-fiction in detail:

Professor Barbara Santich. ***Bold Palates, Australia's Gastronomic Heritage***

Barbara Santich describes how from earliest colonial days Australian cooks have improvised and invented and 'Australianised' foods from other countries. This book is lovingly researched and extensively illustrated.

Robison, John Elder. ***Look Me In The Eye: My Life With Asperger's***

A moving and blackly funny story of growing up with Asperger's syndrome at a time when the diagnosis didn't even exist. A born storyteller, Robison takes us inside the head of a boy regarded as 'defective'.

He also provides a fascinating angle on the younger brother he left at the mercy of their nutty parents – the boy who would grow up to write *Running with Scissors*. Above all, you'll marvel at the way Robison overcame the restrictions of Asperger's to gain the connection he always craved: as a husband and father.

Stanley, Peter. ***Lost Boys of Anzac***

Peter Stanley goes looking for the lost boys of Anzac: the men of the very first wave to land at dawn on 25th April 1915 and who died on that day. There were exactly 101 of them. They were the first to volunteer, the first to go into action, and the first of the 60,000 Australian's killed in that conflict. This book traces who these men were, where they came from and why they came to volunteer in the AIF in 1914. Using sources overlooked for nearly a century, the author uncovers where and how they died, on the ridges and gullies of Gallipoli – where most of them remain to this day.

interpreting, tyre fitting or transmissions should contact Kate Murphy at MTA on 9891 6900.

Moore Stephens Accounting Cadetship Program

Successful accounting cadets will work with a range of companies and individuals while receiving a salary, study support and mentoring. Applications close on Friday 20th June. For further information contact: pslattery@moorestephens.com.au

2014 HTN Peter Howard Future Chef Scholarship

Each year HTN selects two Year 12 students to be recipients of the prestigious HTN Peter Howard Future Chef Scholarship. This opportunity awards tomorrow's chefs with a week's supported culinary adventure, including travel and accommodation, to train and gain valuable hands-on experience with a leading industry partner. This scholarship is open to all Year 12 students throughout NSW and ACT who are studying hospitality as part of their HSC and is awarded to passionate, enthusiastic students who are going to make the most of this invaluable opportunity to launch their future career as a chef. To apply visit

<http://www.htn.com.au/images/2014%20Application%20Form%20-%20Future%20Chefs.pdf>.

Applications close on 31 July.

Housing Industry Association Australian Apprenticeships Centre

This organisation, which has over 5,000 different apprenticeship and traineeship positions on offer, can assist in placing students in apprenticeships. In addition it offers information on available support, benefits and incentives for apprentices. For further information phone 1300 656 726.

Apprenticeship and Traineeship Expo

This free event will be held on 13th August at the Hornsby War Memorial Hall, 2 High St, Hornsby. Students are encouraged to bring along several copies of their resumes.

Parent Forum Anxiety & Adolescence

Next Monday's parent forum focuses on generalised anxiety: the ways it affects teenagers, and strategies to help deal with exam anxiety, social anxiety and school pressure.

Presenter for the evening is Sue Carlson, registered Psychologist and School Counsellor. Sue has front line experience as a teacher, exam marker, HSC adviser, school counsellor and psychologist in private practice.

When: Monday June 23, 6.30 - 8.30 pm

Where: Ku-ring-gai Council Chambers, Level 3, 818 Pacific Highway, Gordon.

Who: Parents, teenagers and interested members of the public are all welcome.

Bookings: youth@kmc.nsw.gov.au

More info : www.kyds.org.au

New Creative Space in Gordon for Young Residents (from Kuringai Council)

AWOL Youth Hub is located next to the Gordon Library at 799 Pacific Highway and offers free computer access and wi-fi, café facilities and creative spaces where young people can socialise or study. The centre opened on Monday 16th June and is open on Mondays to Fridays between 3:30pm and 6:30pm, staffed by professional youth workers.

The refurbished youth centre has benefitted not only from a name change but an upgrade valued at \$30,000. This includes new furnishings, IT equipment and other renovations. Many of the furnishings have been made and supplied by the volunteers of the Community Shed at St Ives Showground.

This refurbished centre, along with the Council's two other youth centres at St Ives and Turrumurra, offers affordable courses and workshops on art and music as well as a referral service for any young residents needing support.

Northern Beaches

A problem shared is a problem halved

The Northern Beaches ADHD Support Group is a voluntary group offering support for parents of children or teenagers with ADHD via regular meetings. The group is run by parents and aims to provide a supportive environment to discuss and learn more about ADHD in order to best help parents and kids alike.

SPEAKER EVENING: DR MARK SELIKOWITZ
from THE SYDNEY DEVELOPMENTAL CLINIC
"EVERYTHING YOU ALWAYS WANTED TO KNOW ABOUT ADHD
BUT WERE TOO DISTRACTED TO ASK"

Mark is a consultant developmental paediatrician with over 30 years of experience diagnosing and treating children and young adults with neurodevelopmental disorders, such as ADHD. He and his colleague, Dr Rory McCarthy, established the Sydney Developmental Clinic in 1993. Since then, the clinic has rapidly grown to become one of the busiest in the world. Prior to this, Mark was, for over a decade, the director of the child developmental unit at the Sydney Children's Hospital. He is the author of four award-winning books as well as numerous research articles published in international journals.
