## From the Principal

Welcome back to school. Term 3 is always exciting, although Year 11 and 12 may have a different view, given that they are sitting and preparing for examinations.

The use of mobile phones in schools has been frequently discussed in the media and other arenas. The NSW Government's recent decision to review the use of smartphones in schools with a view to a possible ban in primary schools has been welcomed by many.

At Killara High School we do not ban mobile phones. There are a couple of reasons behind this decision. The first is that most families wish their child to have a phone for reasons of safety and security. While we could institute a plan that separates students from their phone during the day, the administrative and financial burden this would place on a school this size would be significant.

Secondly, we regard teaching and modelling the responsible use of technology as part of our job. It's important to educate children to live well in their time, and their time is technology-rich. We are also committed to helping students develop the digital maturity and integrity they will need in the workplace. Mobile phones are ubiquitous; pretending they don't exist within the school gates is not preparing young people for the society in which they will live.

We recognise that some students can be distracted by their phones in the classroom. To this end, we have a strictly enforced mobile phone policy, which is issued to all students in the Student Diary. This policy states that mobile phones must not be used during class time without the express permission of the teacher. If a student misuses a mobile phone, a warning is given in the first instance. Should there be a second occasion of misuse, the student is referred to the relevant Head Teacher for an appropriate consequence. Teachers may also confiscate mobile phones during the school day.

We regularly review policies in the school, and we welcome your views.

The plans for our new building are progressing. We were very pleased to learn of the decision to include air conditioning in new school buildings, and the discussions around possible designs are very productive. I'm confident that the final result will be a facility that allows students to learn in a multitude of ways. As soon as building commences we will establish a section on the school website to keep everyone informed. At present, the government provides information on this site:

## German Study Tour 2018

On Thursday 28 June, 18 students accompanied by Mr and Mrs Lam and Mr Francis flew to Munich to start our seventeenth exchange with our sister school, Gymnasium Landau an der Isar.

After spending the first day in Munich we met our host families. This was made easier by the fact that we had already hosted our German counterparts. After a warm welcome the students changed into Dirndls and Lederhosen and enjoyed the evening at the annual Volksfest.

The next three weeks were filled with lessons at school and excursions to the famous Neuschwanstein Castle, Salzburg, Berchtesgaden Salt Mines and the Eagle's Nest. We were also welcomed by the mayors of Landau and Dingolfing at civic receptions and visited the BMW factory where the 5, 6, 7 and 8 Series are manufactured.

After saying farewell to our host families we spent the last four days in Prague with a daytrip to Dresden.

Gymnasium Landau has hosted over 400 Killara High students are keen for the exchange to continue. I would like to thank the Killara host families who hosted 17 German students in Term 1. Without their support the exchange would not be possible. I would also like to thank our students for being such good ambassadors for the school and enjoying the opportunity they have been given. I would also like to thank Mr Francis for his support throughout the tour.

## Greater Sydney Outdoors Survey

Killara High School is working with the [Department of Planning and Environment](#) to ensure that the unique communities of Greater Sydney have access to outdoor spaces and facilities that meet their needs. The Greater Sydney Outdoors Survey is now open to find out how we use our parks, playgrounds, waterways and other outdoor public spaces. The results of the survey will inform future planning and make sure that our community has access to the great outdoors.

Whether it's taking your dog for a walk each morning, studying under a tree in your local park or cycling to work, we want to know how you use outdoor spaces so we can better plan for Greater Sydney.

You can help shape the future of our community by completing the short 5-minute survey [here](#). You could also win an iPad or one of ten \$50 EFTPOS gift cards.

The survey will close on 4 August.

## Disability Provisions for Years 11 and 12

It's that time of year again... exam time.

If you feel your child requires Disability Provisions for the yearly/trial exams please ask them if they have spoken to Ms Mulholland. If they haven't, please contact her via email [sarah.mulholland4@det.nsw.edu.au](mailto:sarah.mulholland4@det.nsw.edu.au) to discuss provisions that may be available for your child.

Year 12 have been given a letter from NESA regarding their Disability Provisions application. Each Year 12 student who has had a provision rejected has spoken to Ms Mulholland and is required to bring in some additional evidence to ensure that the provision can be appealed. If your child has not done so already can you please remind them to bring in their additional evidence as soon as possible.

## Girls in Mathematics Workshop

On Wednesday 1 August, the Mathematics department hosted an all-girls Mathematics program for Year 5 students about Networks and Topology. Mrs Nath, Mrs Gibbs, Mrs McCartney and Ms Wong hosted this program for Killara, Lindfield, Lindfield East, Gordon East and Beaumont Public Schools. To help run the activities four Year 10 students: Jasmine Kim, Iliana Niu, Jordan Whalland and Avril Alam volunteered. The activities included learning about topological equivalence with pipe cleaners and play dough, as

well as learning about nodes and paths with the Konigsberg Bridge Problem and constructing network models. The students had a great time participating in all activities and worked together in groups to solve the problems. Thank you to the teachers, participants and volunteers for making this day possible. It was a valuable experience for all involved.

## Year 3 Science Workshop at Killara High School

On 31 July, Year 3 students from Killara, Lindfield, Lindfield East, Beaumont Road and Roseville Public Schools came for an exciting day of science to Killara High School to participate in a science extension workshop. There were many fascinating experiments at the workshop.

One of the most popular experiments was the Wizard's Brew, which explored how different chemicals reacted with each other. The experiment consisted of using bicarbonate of soda and vinegar to create a reaction that imitates a volcano. We used food dye to change the colour of the reaction.

Another engaging experiment was the density tower, which involved exploring the density of different liquids. The students poured detergent, water, oil and

methyated spirited into a measuring cylinder. All the substances layered according to their density.

Microscopes were another interesting activity as it included observing cells and living things. The scientific microscopes used were to observe the cell samples of an oesophagus and onion skin.

It was an enjoyable day for both the Year 3 students and Year 8 and 9 Killara High School students who mentored the younger students in this science workshop.

Our thanks go to Mrs Arora and Ms Vella for their organisation and supervision.

## Year 4 Art Workshop

On Thursday, selected Year 4 students from Lindfield, Roseville and Gordon East Public Schools, were invited to Killara High School to learn new art techniques. Through this workshop, the young artists were able to showcase and express their artistic abilities in mono-print and etching works. The students worked exceptionally well alongside the Year 9 elective art students who helped them during the workshop. The young students were excited and enthusiastic to begin the art making.

Following an 'Autumn' theme, the students began with mono-printing. They selected unique materials such as leaves, recycled paper and corrugated cardboard to place on top of a spectacular array of colours which they had expertly chosen. The works were printed onto paper and ready to be presented.

The students created a diptych with matching etching works which required a tedious and mature process that the students followed with ease. With such fantastic results, we are delighted to announce that these works will be exhibited in the Killara High School art exhibition at the end of week 6, alongside elective and HSC artworks.

Many thanks to all the Year 9 helpers, Leroy, Emily, Anna, Sarah, Keanna and Ying; and of course, much praise to Ms Hrcka for organising the creative and enjoyable activities.

# Parking and road rules in school zones

You need to take extra care when driving and parking in school zones. Make sure that you and your child understand the road rules. If you break the traffic rules in a school zone you are putting not only your child but other children at risk. The parking and traffic rules around our schools are there to protect your children. If you break the rules you will be fined. **Please choose safety over convenience.**

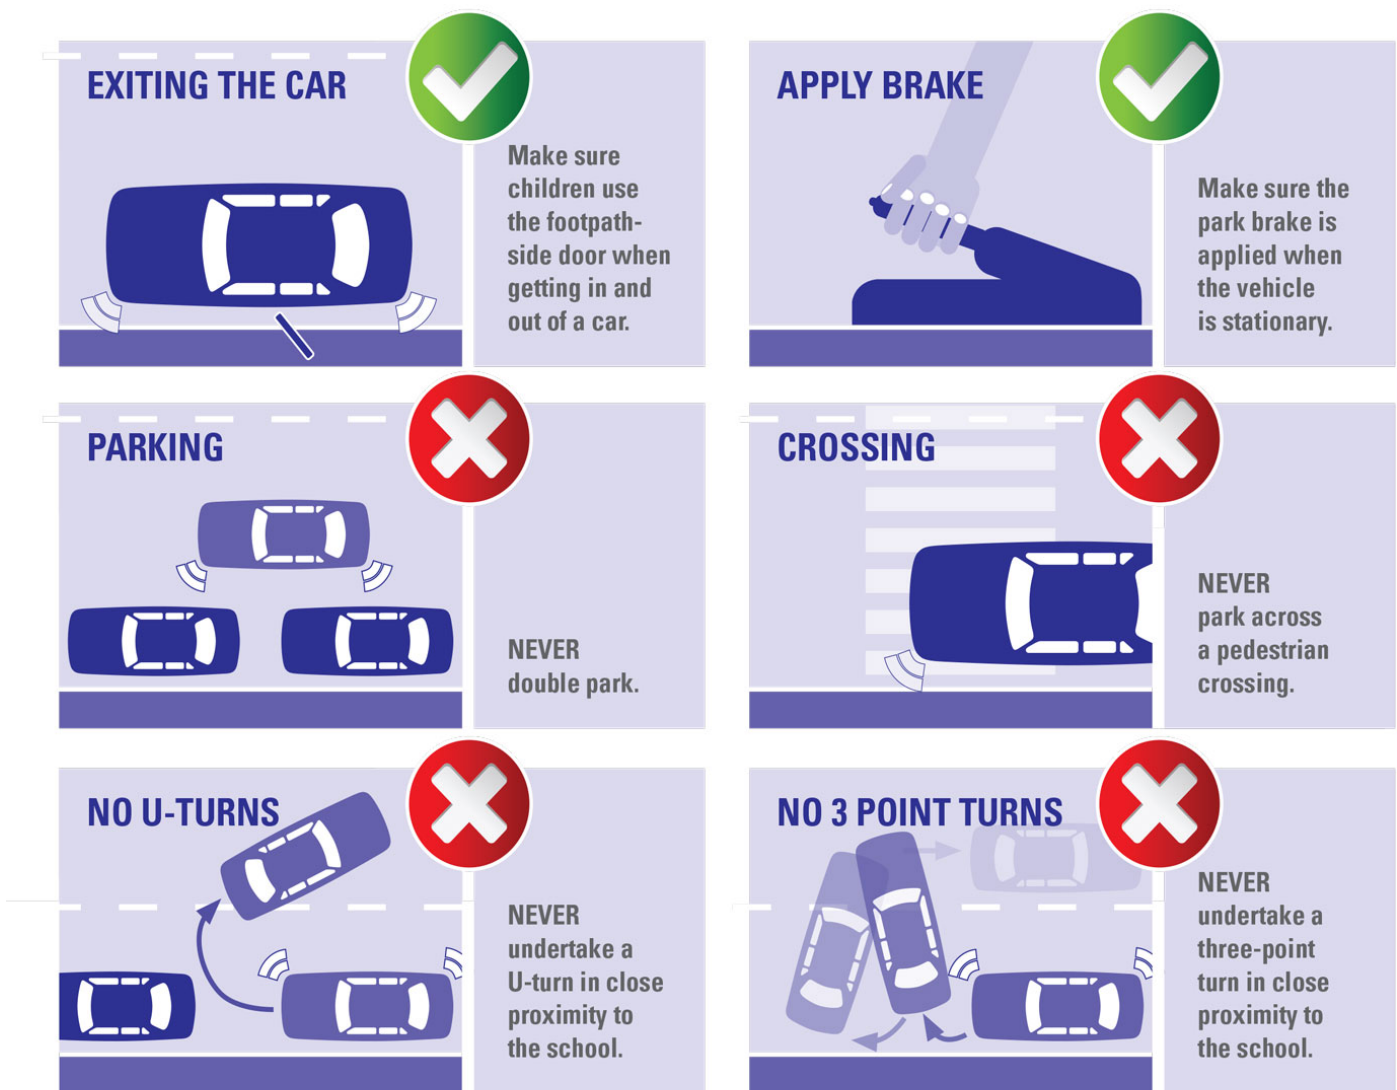

## QUICK REFERENCE GUIDE TO IMPORTANT SAFETY TRAFFIC RULES

ZONE	WHAT DOES IT MEAN?	WHY IS IT THERE?	PENALTY	DEMERIT POINTS*
	You cannot stop in a <b>NO STOPPING</b> zone for any reason (including queuing or waiting for a space). 	Keeps clear sight lines between drivers and children / pedestrians.	EXCEEDS <b>\$330</b> 	(School Zone) <b>2</b> 
	You can stop in a <b>NO PARKING</b> zone for a maximum of 2 minutes to drop off and pick up passengers. If no spaces are available you <b>cannot queue</b> on the road way or in any other zones while waiting for a space. You will need to drive away and park elsewhere, only returning when there is space to pull up. You must stay <b>within 3 metres</b> of your vehicle at all times and cannot leave your vehicle unattended.	Provides a safe place for children / pedestrian set down and pick up.	EXCEEDS <b>\$183</b> 	(School Zone) <b>2</b>

\* The **Demerit Points** Scheme is a national program that allocates penalty points (demerits) for a range of driving offences. A driver who has not committed any offences has 'zero' points. If you commit an offence that carries demerit points, the points are added to your driving record.
